## Things to Teach

Run through the keywords with your partner and explain what they mean

Read the book 'Be the Change' and help your buddy answer the questions on Albert Einstein.

Watch the videos on the dear world page and talk about each of the SDGs and why they are important.

Ask your buddy to define the SDGs in their own words and help them complete the definition task cards

Once your buddy has defined the SDGs, ask them to choose one that they think is the most important and help them to write a small speech to present to the class
