

# Researching Animals and Geography

Use the research questions provided below to assist you in conducting thorough research on how animals and geography are used in your culture. This will help you design a unique page before adding it to your book.

What animals are considered important in your chosen culture?

How do people in your culture use local rivers or lakes?

What type of climate does your culture experience?

Which mountain is significant in your chosen culture and why?

Are there any special pets or domestic animals in your culture?

What natural resources are abundant in your chosen culture's region?

How do local landscapes influence the lifestyle in your culture?

What are common plants in the area, and how are they used?

How do people adapt to weather conditions in your chosen culture?
