

HOW TO CREATE

Prayer Flags

FROM RECYCLED T-SHIRTS.

Collect Your T-Shirts:

Find some old t-shirts that no one wears anymore. Ask your family or friends if they have any they don't need.

Cut the T-Shirts:

With an adult's help, use scissors to cut out squares or rectangles from the t-shirts. Try to make them all the same size.

Decorate the Flags:

Use fabric markers or paint to draw pictures or write words like “Love,” “Peace,” or “Smile” on your flags. Be colourful!

Make the Holes:

Carefully make two small holes at the top of each flag with the help of an adult. These are for stringing them up later.

String the Flags:

Cut a long piece of string or yarn. Thread it through the holes in your flags, making sure there's a little space between each one. Tie a small knot at each hole so the flags stay in place.

Set Up Your Stall:

Find a table and set it up outside your school. Lay out your flags nicely so everyone can see them. You can make a sign that says “Prayer Flags for Sale!”

Sell Your Flags:

When families come by, tell them about your flags, what they say, and why you made them. Remember to smile and say “thank you” when someone buys a flag!

Use The Money Wisely:

Find a worthy charity or project to help other people with the money you have made. Well done! The world just got better thanks to you!

Now it's Your Turn

Follow the steps provided and make your very own prayer flags to make the world a little bit better.
