

Weekly Leadership Planner

Week 6

Resources Needed

1. The link to the intro video with Gavin and Danielle.
2. A copy of the warm-up questions and research document.
3. Your fact file research document.
4. A ruler, come card and colours.
5. Books to help them find crucial information.
6. An Ipad or a device to help them research.

Things to Teach

Watch the introduction video with Danielle and Gavin and discuss.

Introduce your partner to the keywords for this week and help them define and spell the new words they don't know.

Read the weekly warm-up questions with your partner and find the answers in the information booklet together.

Read your very own fact file with your partner and talk about some of the research questions they could use to help them find information like this.

Ask your partner to choose an animal that they would like to research. Remember that the animal must live in your home country. Once the child has chosen, help them to research the facts on this creature. Set them up with a template that will allow them to make their very own fact file!

'Leaders don't force people to follow—they invite them on a journey.'
