

Over the next 7 weeks, we want you to try and tick off all ten of these actions, and help stop climate change.

01

Talk to your parents about who provides your home with power.

02

Never shower for more than 5 minutes

03

Be nice to the worms, they are the soil heroes. Start a worm farm

04

Recycle your old home items and donate clothes and books.

05

Use reusable water bottles and cups. Start a recycling club.

MY TEN-STEP PLAN TO SAVING THE PLANET

10 Steps to help stop climate change and protect the future for everyone!

SMALL ACTIONS TODAY WILL MAKE A BIG DIFFERENCE TOMORROW.

06

Plant something that will be home to another organism. Maybe even a tree!

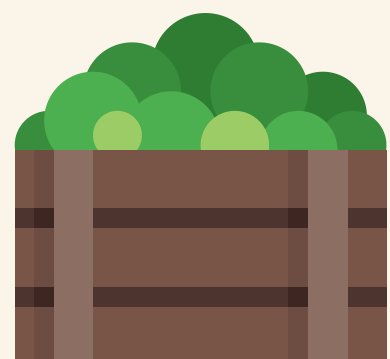

07

Walk to school when possible. Find a friend who wants to walk with you or ride your bike.

08

Eat more vegetables. Have one day per week when you no meat is consumed.

09

Never waste food. Wrap up unwanted food and donate to someone who needs it.

10

Stop using plastic bags. ban all plastic bags in your house and in school.
