Things to Teach

Talk to your buddy about how proud you are of them and how much work they have done over the past ten weeks. Give them a pat on the back.

Read pages 38-39 with your partner and answer the questions using the pictures to help. These questions are about the author and the illustrator and are factual.

Use the Authors' Checklist the work your way through the book and make sure that everything is complete in your buddy's book. Help them to complete any unfinished work.

Help your buddy to add the dedication page and the blank pages after the front cover and before the back page. Remember to finish with an even number of pages in the book.

Once everything is completed, help your buddy download their book as a PDF document and then upload the book to the upschool library by completing all the information required. Make sure you congratulate your buddy on becoming a published author.
