Dear Prime Minister,

My name is Gavin. I am a nine-year-old boy from Pinkerton Primary School, and I am about to publish a book that will change the world. My book is about the crab called Chrissy that sails around the world on a flip-flop.

The story shows us that everyone is equal and that no matter what gender we are, we should all have a chance to follow our dreams. The main character is a crab from Alaska who dreams of travelling the world. She is teased by some boys who don't think that girls can do such things.

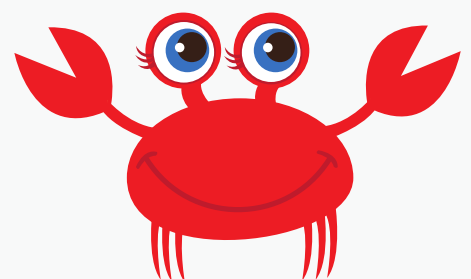

The world is filled with people who don't believe in themselves or feel that they cannot follow their dreams because of who they are or where they were born. The book will help everyone to follow their dreams no matter how impossible they seem.

I would really like you to come to my book launch and help me get the book to as many children as possible.

The book Launch will be at Pinkerton Primary School on the **25th of July**. I hope you can make it!

Yours Thankfully,

Gavin McCormack
